HONOURS AND AWARDS

[30 Jun 2023]

Bronze medal at Cyberchallenge Awarding institution: Cybersecurity National Lab - CINI

The [CyberChallenge](#) is a team CTF (Capture The Flag): a cybersecurity competition where teams of six people represent their university, the [University of Pisa](#) in my case.

My team ranked third nationwide in the finals.

[8 Oct 2021]

Silver medal at Italian Culture and Talent Olympiads Awarding institution:

Olimpiadi della Cultura e del Talento

The [Culture and talent olympiads](#) are an Italian team competition for high school students. My team ranked second in the finals held in Tolfa (RM) after the pandemic.

[27 Nov 2020]

Honorable mention at competition "Il cielo visto da me" - Dario Fabiani award Awarding institution: INFN - Istituto Nazionale di Fisica Nucleare

I was awarded a mention of honor for my project: an HTML site to simulate how the planets of the Solar System appear when with the Sun behind them.

VOLUNTEERING

[29 Sep 2024 - 18 Sep 2025]

Chief system admin - Allievi Scuola Superiore San'Anna Pisa, PI

Students at Sant'Anna School of Advanced Studies host and manage a great series of services spread across multiple servers. All services are designed for the students and the students of the School only.

All the services and microservices run inside Podman containers and their development and deployment is handled and automated by ci/cd pipelines.

For a year I have been the chief system admin, supervising all services and every team of students behind each one of them.

[1 Sep 2022 - Current]

System admin and staff - Amichiamoci Livorno, LI

[Amichiamoci](#) is a non-profit church organization that holds a series of events and sport competitions every year in September.

I personally wrote the management panel, used by the Staff and also the [web app](#) , used by the participants to subscribe (take part) to the event and to receive updates about it. Since 2023, nearly 1400 people have used our systems.

During both 2024 and 2025 editions, the web app has achieved an uptime of 99.9%.
